January 4, 2004

Mayor Abe Neufeld,
District of Mission
8645 Stave Lake St
Mission British Columbia
V2V 4L9

Dear Mayor Neufeld,

The Mission Granite Curling Club will be hosting the International Tankard, March 19, 20, and 21, 2004.

We cordially invite you, Mayor Neufeld and guest, Councilor John Pearson and guest Councilor James Atebe and guest and Brian Storier and guest, to participate in our weekend event. Our club has been awarded this prestigious honour and as always, the social and competitive sport of curling will be a lasting memory for all participants.

The history of the International Tankard extends to 1962 with the Pacific Coast Curling Association and the Washington State Curling Association alternating hosting an annual friendly competition involving six teams from each association. The purpose of the International Tankard is to help maintain goodwill and feeling of the community between the two Associations. In addition, it has become a forum to exchange ideas to the general betterment of curling and serves as a reminder that curling is indeed an international sport.

We hope you will join us in the celebration of this event and would appreciate hearing from you by February 6, 2004.

Yours truly,

Shirley Olson, President,
Mission Granite Curling Club
